INWIT: BONUS TO STAFF AGAINST HIGH COST OF LIVING

Rome, 7 December 2022 - INWIT, leading Italian tower company, has accorded all non-managerial staff a bonus against cost of living of 1,000 euros net, seizing the opportunity offered by specific tax incentives.

The "INWIT Bonus" is articulated in the form of shopping vouchers in supermarkets and affiliated outlets and in fuel vouchers, throughout Italy. The vouchers will be disbursed through a dedicated welfare platform and will be expendable by the end of 2023.

"Since the birth of the 'new INWIT' we have taken a path of greater attention to our employees with targeted initiatives. "The 'INWIT Bonus,'" said Diego Galli General Manager of INWIT, "is a further step in this direction to support the people who are committed to the success of our company every day."
