INWIT awarded Top Employers Italy 2024 certification

Galli (INWIT): "This certification is the result of our passion for our people and of the development strategy we have undertaken."

Rome, 18 January 2024 - INWIT is one of the Top Employers Italy 2024, a certification which is awarded to companies that reach and satisfy the high standards of the HR Best Practices Survey. The Top Employers certification is the official recognition of a company's excellence in HR policies and strategies and of their implementation to contribute to the well-being of individuals and to improve the working environment.

INWIT has therefore established itself an employer of choice, earning a place on the international stage where Italy's main tower operator is recognised as being attractive to the best talent on the market and as following HR best practices.

*"Attaining the 'Top Employers 2024' certification is an important step on the path that INWIT has undertaken, striving for continuous improvement in our management and in the attention that we give to our human capital - says **Diego Galli**, INWIT's General Manager. This recognition shows our passion for our people and how much their commitment contributes to INWIT's success, focusing on the diversity of individuals' experience and on cross-functional collaboration".*

The survey covers 6 domains in the HR field, examining and analysing in depth 20 different topics and their respective Best Practices, including People Strategy, Work Environment, Talent Acquisition, Learning, Diversity, Equity & Inclusion and Well-being.
